Current law authorizes the public financing authority to issue bonds for these purposes upon approval by 55% of the voters voting on a proposal to issue the bonds. <a href="#">SCA 3</a>	<a href="#">Hill D</a>	Property taxation: change in ownership: inheritance exclusion.	12/5/2018-From printer. May be acted upon on or after January 4.	The California Constitution generally limits ad valorem taxes on real property to 1% of the full cash value of that property. For purposes of this limitation, "full cash value" is defined as the assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value" or, thereafter, the appraised value of that real property when purchased, newly constructed, or a change in ownership has occurred. The California Constitution specifies various transfers that are not deemed to be a "purchase" or "change in ownership" of a property for these purposes, including the purchase or transfer of a principal residence from parents to their children, or, under certain	Health Equity

circumstances, from grandparents to their grandchildren, and the purchase or transfer of the first \$1,000,000 of the full cash value of all other real property transferred from parents or grandparents to their children or grandchildren. This measure would limit the above-decried \$1,000,000 exclusion for purchases or transfers of real property other than a principal residence to purchases or transfers of nonresidential real property.
