Summary: Current law defines the terms "political subdivision" and "emergency plans" for purposes of emergency services provided by local governments. Current law requires a county, upon the next update to its emergency plan, to integrate access and functional needs into its emergency plan, as specified. This bill would require a county to integrate cultural competence, as defined, into its emergency plan, upon the next update to its emergency plan, as specified. By increasing the duties of local officials, this bill would impose a state-mandated local program.

1st House				2nd House							

Summary: Would require the State Water Resources Control Board, on or before December 1, 2025, in consultation with the State Department of Public Health – Food and Drug Branch, to adopt regulations for microbiological, chemical, and physical water quality and treatment requirements for the onsite treatment and reuse of process water in breweries and wineries. The bill would require a process water treatment system in a brewery or winery to comply with the regulations within 2 years of the effective date of the regulations. The bill would require an entity that implements a process water treatment system in a brewery or winery to submit a report containing specified information to the department, as provided, and to terminate the operation of, and modify to render inoperable, any process water treatment system in a brewery and winery at the direction of the state board.

1st House				2nd House							

Summary: Current law requires wildfire mitigation plans to include specified information, including protocols for disabling reclosers and deenergizing portions of the electrical distribution system that consider the associated impacts on public safety, as well as protocols related to mitigating the public safety impacts of those protocols, including impacts on critical first responders and on health and communication infrastructure. This bill would require those protocols to additionally include impacts on customers enrolled in the California Alternative Rates for Energy (CARE) program, receiving medical baseline allowances of electricity or gas, and who the electrical corporation has identified as critical care customers relying on life-support equipment.

1st House				2nd House							

Summary: Would require the State Department of Social Services to create a standardized form to be used by community colleges and universities to verify the workstudy eligibility of students who are approved and anticipate participating in state or federal workstudy. The bill would require community colleges and universities to distribute the form to all students approved for state or federal workstudy and to provide information required to complete that form. To the extent that this provision would impose new duties on county human services agencies and community colleges, it would constitute a state-mandated local program.

1st House				2nd House							

Summary: The California Fair Employment and Housing Act prohibits housing discrimination based on specified personal characteristics, including race. The act also prohibits discrimination because of a perception that a person has one of those protected characteristics or is associated with a person who has, or is perceived to have, any of those characteristics. Existing law defines terms such as race, religious beliefs, and sex, among others, for purposes of the act. This bill would provide that the definition of race also include traits historically associated with race, including, but not limited to, hair texture and protective hairstyles, and would define protective hairstyles for purposes of these provisions.

[SCA 3](#) (Hill D) Property taxation: change in ownership: inheritance exclusion.

Status: 1/7/2019-Read first time.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Constitution generally limits ad valorem taxes on real property to 1% of the full cash value of that property. For purposes of this limitation, "full cash value" is defined as the assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value" or, thereafter, the appraised value of that real property when purchased, newly constructed, or a change in ownership has occurred. The California Constitution specifies various transfers that are not deemed to be a "purchase" or "change in ownership" of a property for these purposes, including the purchase or transfer of a principal residence from parents to their children, or, under certain circumstances, from grandparents to their grandchildren, and the purchase or transfer of the first \$1,000,000 of the full

cash value of all other real property transferred from parents or grandparents to their children or grandchildren. This measure would limit the above-decried \$1,000,000 exclusion for purchases or transfers of real property other than a principal residence to purchases or transfers of nonresidential real property.
